50X1-HUM

1. Considerable discontent in Zagreb has followed the mass dismissal of workers from all branches of industry and the administration, and the institution of the DKD (Drustveno Koristnega Dela - Work Useful to Society) system. The dismissals particularly affect qualified or skilled workers of no political standing. Unskilled workers who are members of the Yugoslav Communist Party retained their positions.
2. All workers who remain unemployed for two weeks or more are summoned to their local "rajon" of the City District Committee and questioned concerning their unemployment. Approximately 98 percent of those summoned are sentenced by the District Committee to between 24 and 27 months of DKD. The majority of those sentenced to DKD in Zagreb are sent to work either at the State farm in Kajzerica, near Zagreb, or the State forests at Fusine, near Delnice. The names of those condemned to DKD are published twice a week, generally in the local Zagreb paper, Narodni List.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
